SUBJECT: Transition Papers

S/S 8025270, dated December 5, 1980, asked you to provide the transition team with a list of all Presidential Directives, NSDMs, and legislative provisions affecting your work. To further clarify the request, we are seeking a list of the major legislative provisions, PDs, etc., which significantly affect your efforts to conduct foreign policy, not all of those that affect you in any way.

This list should be prepared on State Department briefing paper in the following format:

1. Presidential Directive 99: This PD, which directs that A, B, and C, constrains our work in that it forces us to x, y, and z.

These papers are due in S/S by COB Thursday, December 11, 1980.

The S/S-S Project Officer is Tom Price, ext. 28062.

The transition team has asked each bureau to compile a list of all Presidential Directives (PDs), NSDMs, and legislative provisions which affect, constrain, or inhibit the issues or activities which your bureaus undertake.

Examples might include export restrictions, most-favored-nation provisos, congressional vetoes, etc.

Please prepare a list of the appropriate directives with no more than a one or two paragraph supporting explanation, providing brief examples if possible. All papers must be cleared with appropriate bureaus and specifically by S/P. The due date in S/S-S is COB Thursday, December 11.

The S/S-S project coordinator is Tom Price, ext. 28062.*

* Price advises by phone that clarification enroute which will stress that only items to be submitted are those that affect us in a major way and/or complicate negotiations.
